January 2010

To Our Valued Customers:

2010 – Not only have we entered a new year but a new decade as well! This gives everyone the opportunity to work out the challenges in life, become inspired and motivated to steer towards happiness and satisfaction and to make good choices.

Same product, same price -- As business owners, Oregon Hill has made the choice to uphold our reputation for quality gourmet products. We will not compromise by cutting costs by substituting ingredients. We will continue using the same wholesome ingredients used since 1987. Oregon Hill is committed to working smarter and to recycle useable waste to defray costs. This allows us to maintain the same product pricing that has been in effect since 2007.

Future – Despite the many uncertainties of today, as our customer we will continue to provide you with the same quality and quantity along with the finest, purest all-natural ingredients, the foundation of our company, that you have come to recognize with Oregon Hill products. We will hope to see the end of 2010 as having been a positive, fulfilling experience and to continue providing delicious, satisfying gourmet foods for your table.
